

**YOUR COMPANION FOR  
EUROPEAN STUDY!**

# Who We Are?

Edugo Abroad is a leading Europe education consultant established in India with a vision to bring the best opportunities to students, universities and channel partner. We provide all comprehensive service and supports to students who aspire to study in European countries like Poland, France, Ireland, Malta, Latvia, Germany, Hungary, etc. We have our head office located in Ahmedabad, Gujarat including 8 other branches across the India & 550+ channel partners across Indian & other SAARC countries.

As a leading Europe education consultant, we assist our channel partners in identifying growth opportunities - both in terms of increasing student base as well as increasing profit. We make it easy for our channel partners by providing simple, profitable, & flexible student recruiting platform.

We have an exclusive portfolio of reputed universities from various European countries and we work as an exclusive admission partner with major of them. As veteran Europe education consultant in India, we position ourselves absolutely distinctly from the rest of the agent business & adhere to provide a 'One stop Marketing solution' to partnering European universities.

# What We Do?

## **For Students:**

Edugo Abroad provides prompt student visa consulting services and personal counseling to thousands of students related to study and post-study work options in Europe.

## **For University:**

With a unique, simple and targeted solution and a well-structured partnership business model, we provide a complete student recruiting model to our university partners.

## **For Channel Partners:**

We have an exclusive partner portal where one can upload, track & manage all student information on the single dashboard. We assign a dedicated channel-account manager to each channel partner in order to ensure we process seamless student applications.

# What Makes Edugo Abroad Different?

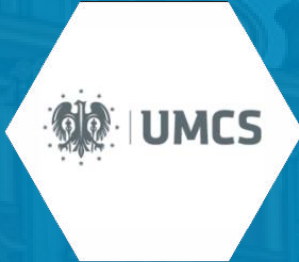

- Over 60% of our students are through referrals and word-of-mouth. No other company can forge overseas careers for ambitious students like we do.
- Get admission to European education courses with or without IELTS or TOEFL.
- Get a chance to work in the same country after completion of a degree and post-study work options.
- Proven success in student counseling to study in Europe.
- Handpicked educational programs from top universities with Direct Admission Partners and alliances with Europe-based Schools and Universities.
- 100% focus on student visa and enrollments.

# Benefits Of Applying For European Education With Edugo Abroad

---

- Flexible Education System, Schengen Visa ensures access to all 26 European countries, Better Equipped Libraries, Innovative and Practical Infrastructure etc.
- European universities offer huge scope for experimentation, switching multiple courses, and even design custom course structure.
- Each individual can plan their study with a small class size promoting personalized learning and teaching.
- Students are encouraged to own up their own thought process and gather their reasoning abilities in a democratic setting with loads of critical analysis and debates.
- The libraries are made available at students' fingertips with timely book exchanges, several journals, multimedia databases, and web-based research and inventive presentations.
- Students can earn while they learn even before they complete the course, since most universities encourage students to work even when they study up to 20 hours a week during semesters, and even full time during their breaks and holidays
- Students get exposure while learning and working abroad, which adds character to the resume while applying for jobs in India or elsewhere.
