## #8. What is your future goal?

**Ans** (Below are some examples of future target)

**Entrepreneur:** after completing my study by the name of the university, I would go back to my hometown and start my organization which will focus on its development. I assure you that I will learn all the skills necessary to better manage my organization. I am confident that studying at university will give me a solid knowledge of the basic principles of this field and help me acquire the skills necessary to achieve my goal. Even my degree in Course from University will give me a solid foundation and a perfect channel to capitalize on my strengths.

**Work in MNC:** after completing my course, I would like to work with a renowned company in Europe, India or anywhere in the world. I wanted to become more effective and progressive in the field of my interest. I am looking forward to doing safe work in renowned companies such as ONGC, BHEL, TATA and many others. I am very confident that after completing this course I can start my professional career with a good position as information system manager, marketing manager, system developer etc.

**Family affairs:** after completing the course named after the university, I will return to India and join by hand in the family business. Since my father has always managed the business in a very simple and traditional way, but I want to expand it by implementing new ideas and taking our business to the next level. (For example, since my father runs a temporary shop and I want the chain to grow only in my place, but also in some other part of India, and then take it internationally. So, to bring an exhibition in the sector I will have need market research that will help me understand the essential market value for the business).
